

NEW YEAR, NEW US

WE ARE EXCITED TO SHARE NEWS ABOUT OUR
LATEST PROJECTS HAPPENING ON PROPERTY

NEW PEDESTRIAN BRIDGE

Martin Resorts is excited to commence its efforts to extend the California Coastal trail with a ***new pedestrian bridge that will connect Pismo Lighthouse Suite and Shore Cliff Hotel properties.***

This will provide trail users with an uninterrupted walk along the bluffs from Dinosaur Caves Park to the main beach and the iconic Pismo Pier. Much of the work currently is over the side of the bluffs and less invasive, however, the presence of a large crane will be visible on property and from the pool area.

NEW GUESTROOM + BATHROOM CONCEPTS

Additionally, as part of a continued commitment to enhance our property and your experience, we are working hard on ***new guestroom and bathroom concepts coming soon.*** We don't want to give anything away but you can expect new furniture, renovated bathrooms and a fresh, fun update to the overall design of the rooms. Please pardon the containers you may see on property as we work to provide an even better experience for you and your family.

Although work is to be completed during daytime hours, we want to be sensitive to our guests as well. We will do our best to place guests in areas with the least amount of disruption. If you have specific questions regarding your upcoming stay, please do not hesitate to contact us. Thank you in advance for your patience during this time.
